

Student Notebook/Tablets - Important Information

Dear Parents/Guardians,

We wish to advise you that Nossal High School runs a student owned Notebook/Tablet program.

In the interests of minimizing costs to parents, we are in regular negotiation with our computer suppliers and are keenly focused on each aspect of the package they offer including insurance cover and maintenance.

It is highly recommended and educationally desirable for our students to use the same Notebook/Tablet, as our e-Learning software has been specifically designed for a uniform learning platform.

On this basis we request you DO NOT purchase a personal computer device for your student until we can provide you with our detailed Notebook/Tablet information early in Term Four 2019.

In conjunction with the purchase and deployment of student Notebook/Tablets, we are also planning the software that will be supplied to all students via the imaging process.

Should you require any further information regarding the student owned Notebook/Tablet program please email your queries to notebooks@nossalhs.vic.edu.au for the attention of the ICT Manager.

Yours faithfully
