

November 2021

Dear parents/guardians,

Nossal High School is looking forward to 2022 with the hope that the disruptions of the last two years are a thing of the past. We are very proud of the resilience of our students and their achievements through these very difficult times.

Schools are required to provide students with free instruction to fulfil the requirements of the Victorian Curriculum. However, to provide the sort of vibrant and comprehensive educational program for which Nossal is renowned, we rely on voluntary parental contributions. They give us the opportunity to extend the range of educational experiences for our students beyond the basic offering provided by government funding. In the past over 90% of our parents have contributed to the School and we are extremely grateful for the support shown by the school community that has enabled us to fund additional activities and services such as incursions, Nossal Time, IT technical support, software licences and enhanced network bandwidth.

In this letter we are advising you of Nossal High School's voluntary financial contributions for 2022 and inviting you to make a financial contribution to support the school. The Education Department's Parent Payments Policy is attached, which provides details of the categories under which contributions are made. **Curriculum Contributions** relate to items and activities that the school feels necessary to learn the Curriculum and **Other Contributions** are non-curriculum items and activities that relate to the school's functions and objectives. These contributions enable the School to go beyond the standard curriculum provisions of government funding. **Extra-Curriculum Items and Activities** are provided on a user-pays basis.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Roger Page
Principal

Dr John Inns
