

Dear Parents/Guardians,

Nossal High School is looking forward to another great year of teaching and learning and would like to advise you of *Nossal High School's* voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families enables us to move beyond the basic provision of a teacher and a classroom to create the sort of vibrant and comprehensive program which is so essential to the development of highly able students. The provision of a broad range of shared educational experiences attended by all students in a given cohort is a key component of our success. It is essential not just as a way to deepen and contextualise the learning they do in the classroom, but also in ensuring that all Nossal students graduate as well rounded, confident and independent young adults. Nossal students achieve excellent academic results but, more importantly, they are very well prepared for the transition to university and to an active engagement as future citizens due to their participation in the learning community which your contributions resource and maintain. With your ongoing assistance we are able to continue to develop the young leaders of the future.

Yours sincerely,

Tracey Mackin
